

Every Samba School has a theme song for Carnaval. This is ours.

Escola de Samba de Toronto
From East to West, From North to South
Toronto is The Meeting Place
Composed by Biddu da Beija Flor

Samba has crossed the border
And unfurled its flag here in Canada.
Toronto now is the Samba capital.
There are connoisseurs here now, from this side, too.
All I want to do is party, without demagoguery,
Without showing off.

Who knows, one day I might turn Dundas St.
Into the Marques de Sapucaí (the Sambadrome stadium in Rio de Janeiro).

Come, come, come, live this emotion.
This is the Samba School from Toronto
Stirring, touching your heart.
Toronto is The Meeting Place
Where the immigrant comes to fulfill his destiny.
Now the CN Tower is just like the Tower of Babel.

We have Portuguese, French, Italian, English
At this party for all.
They are Canadians, I know, they are Brazilians, OK.
Come Samba!
